

# Sovereignty Starts With The People

It was never theirs to give.

Everything else is not the source of sovereignty. It is the record of power trying to contain something it did not create.

# Sovereignty In A Cage

A people are not free under permanent override.

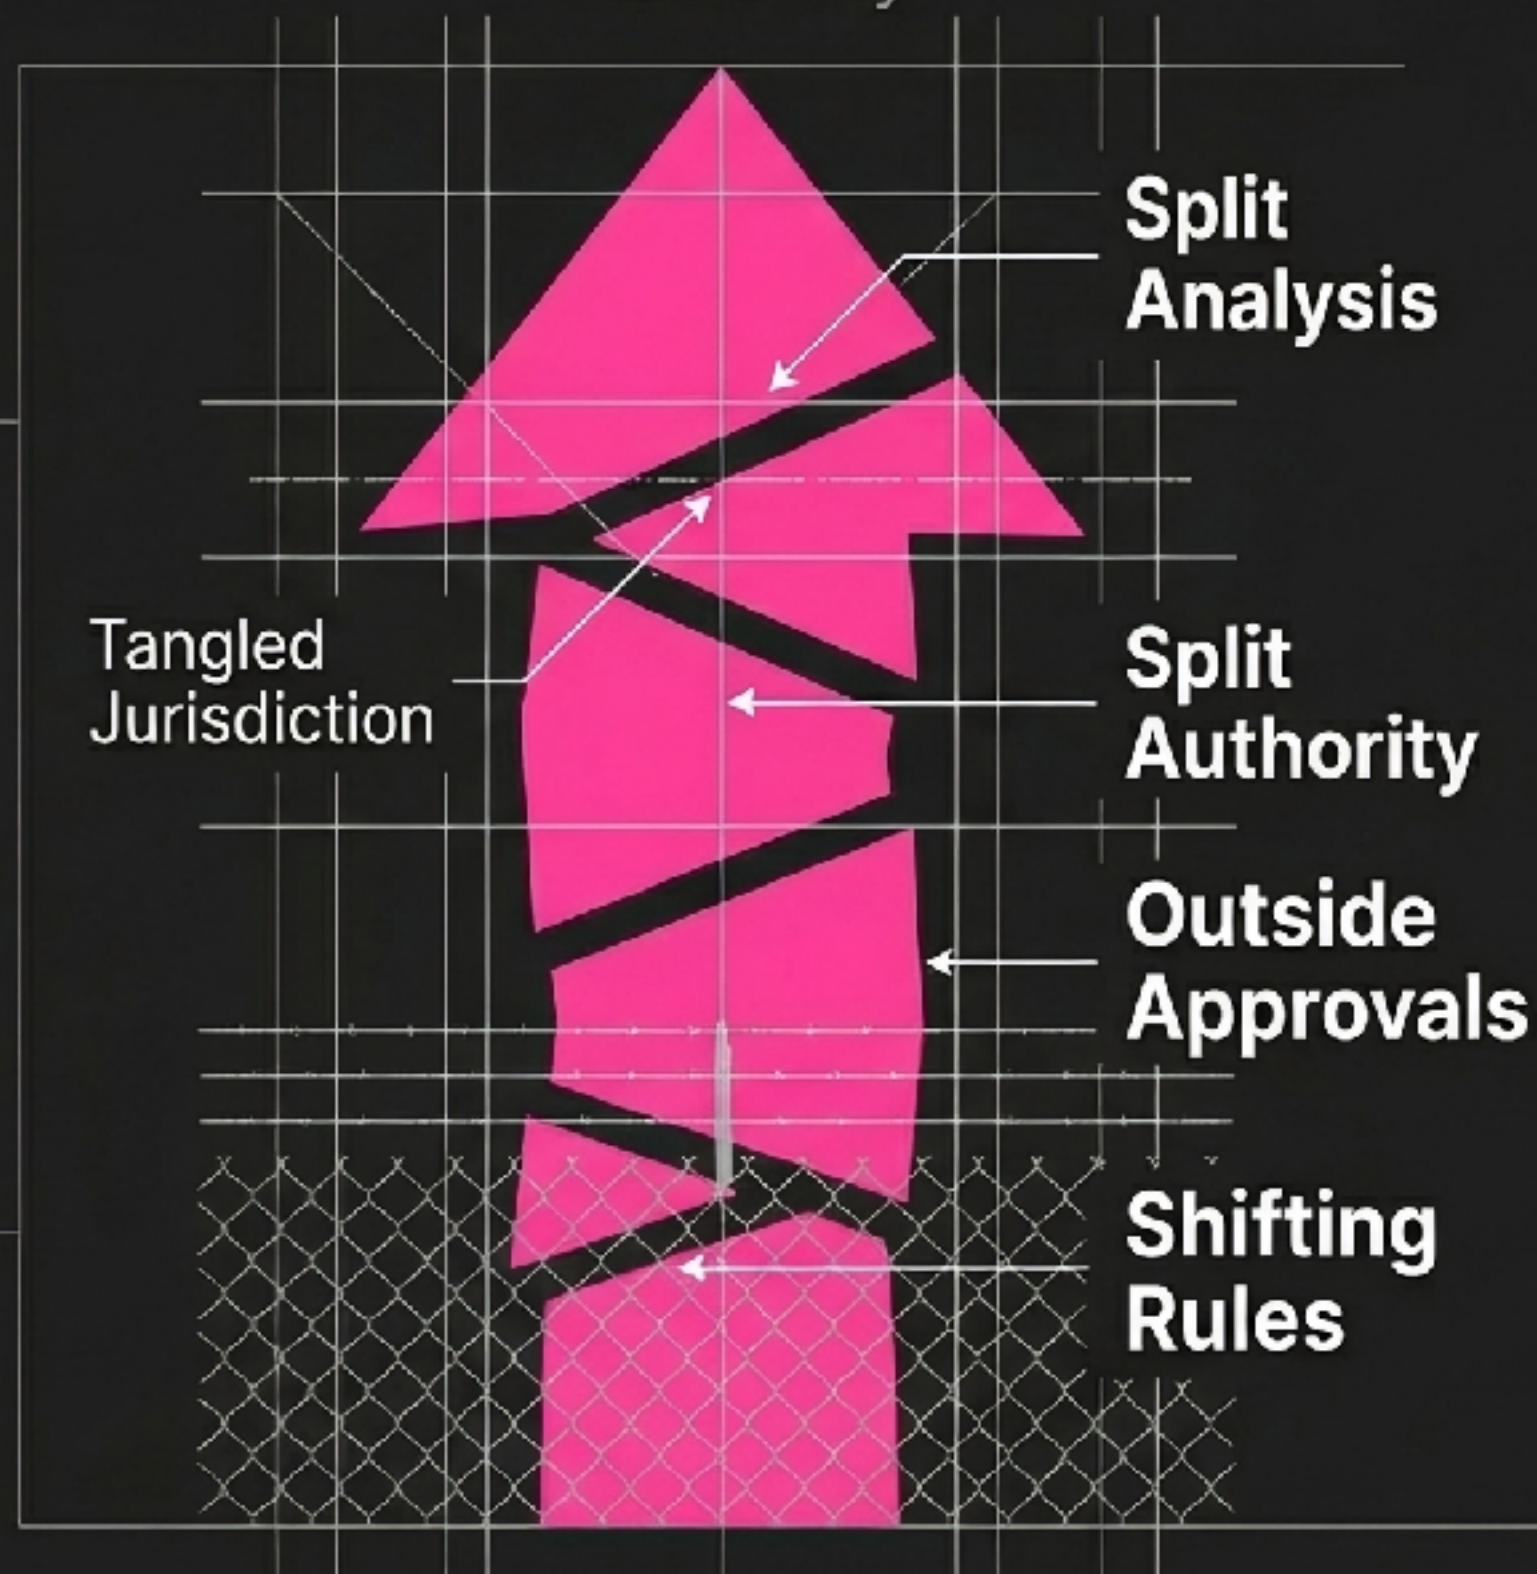

The Expectation

**Govern, Protect,  
Build, Plan.**

Governments expected to solve impossible problems with tools that have been fractured, delayed, or taken away. That is not respect. That is containment.

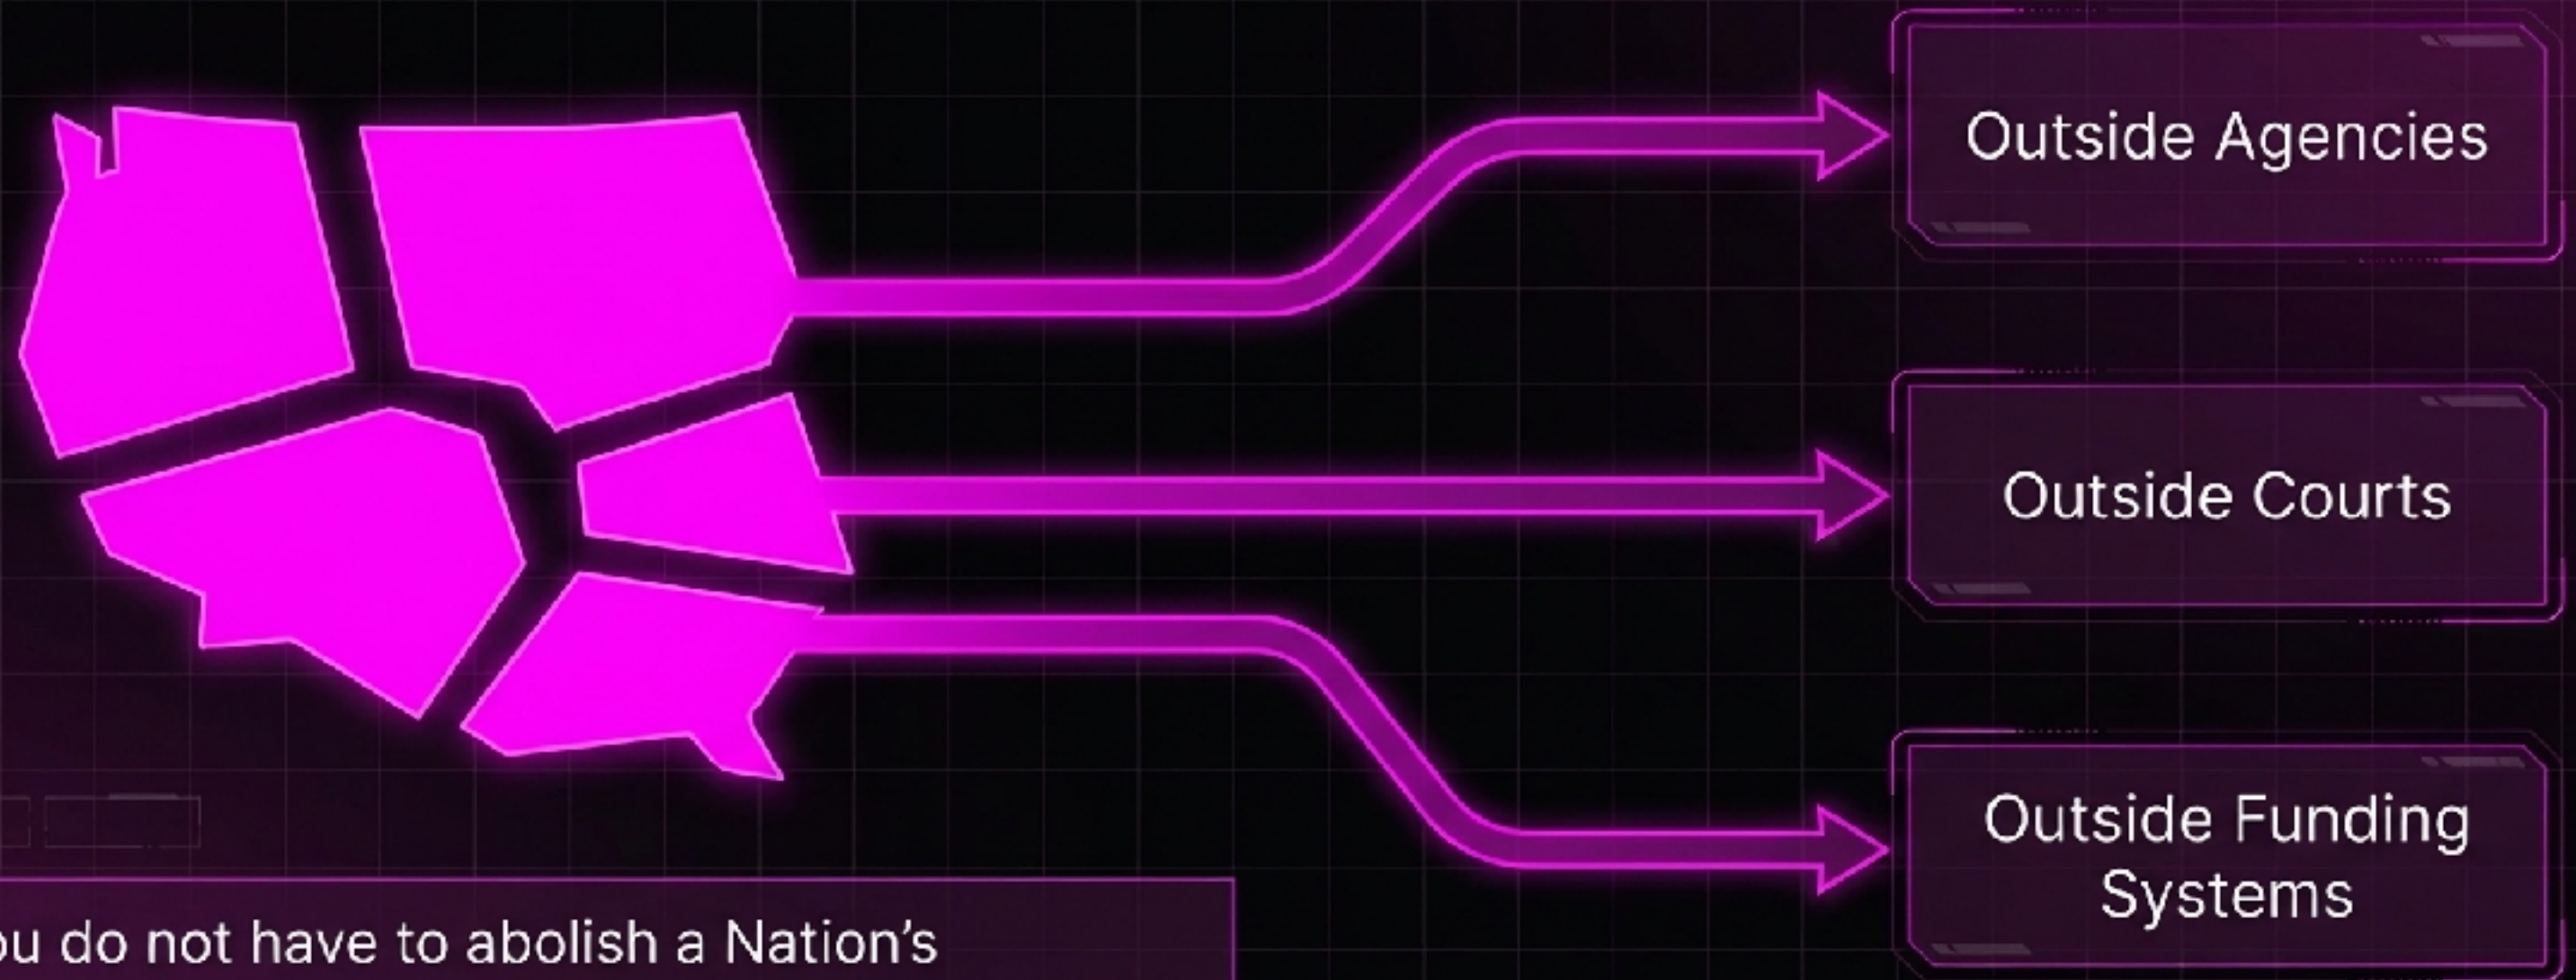

**STRUCTURAL OVERRIDE**

The Reality

# Fragmented Land, Fragmented Power

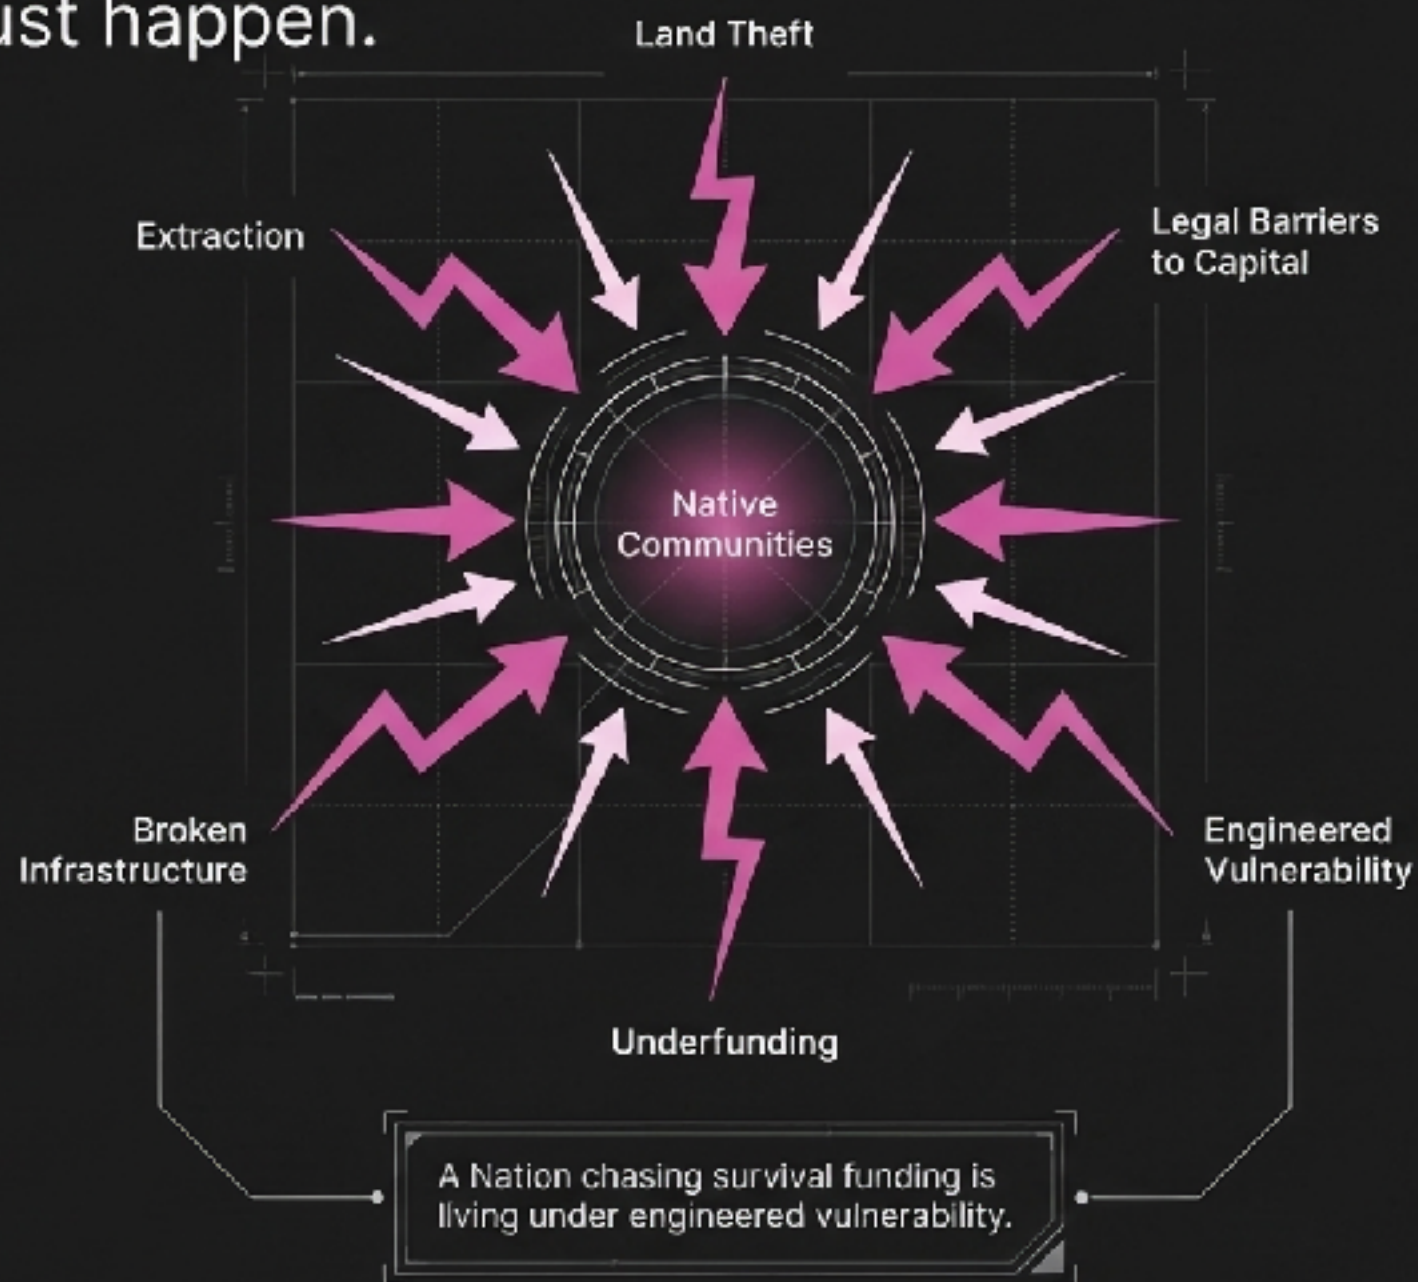

Break the land apart, and the people pay for it.

"You do not have to abolish a Nation's sovereignty if you can make its exercise slow, expensive, divided, and easy to bypass."

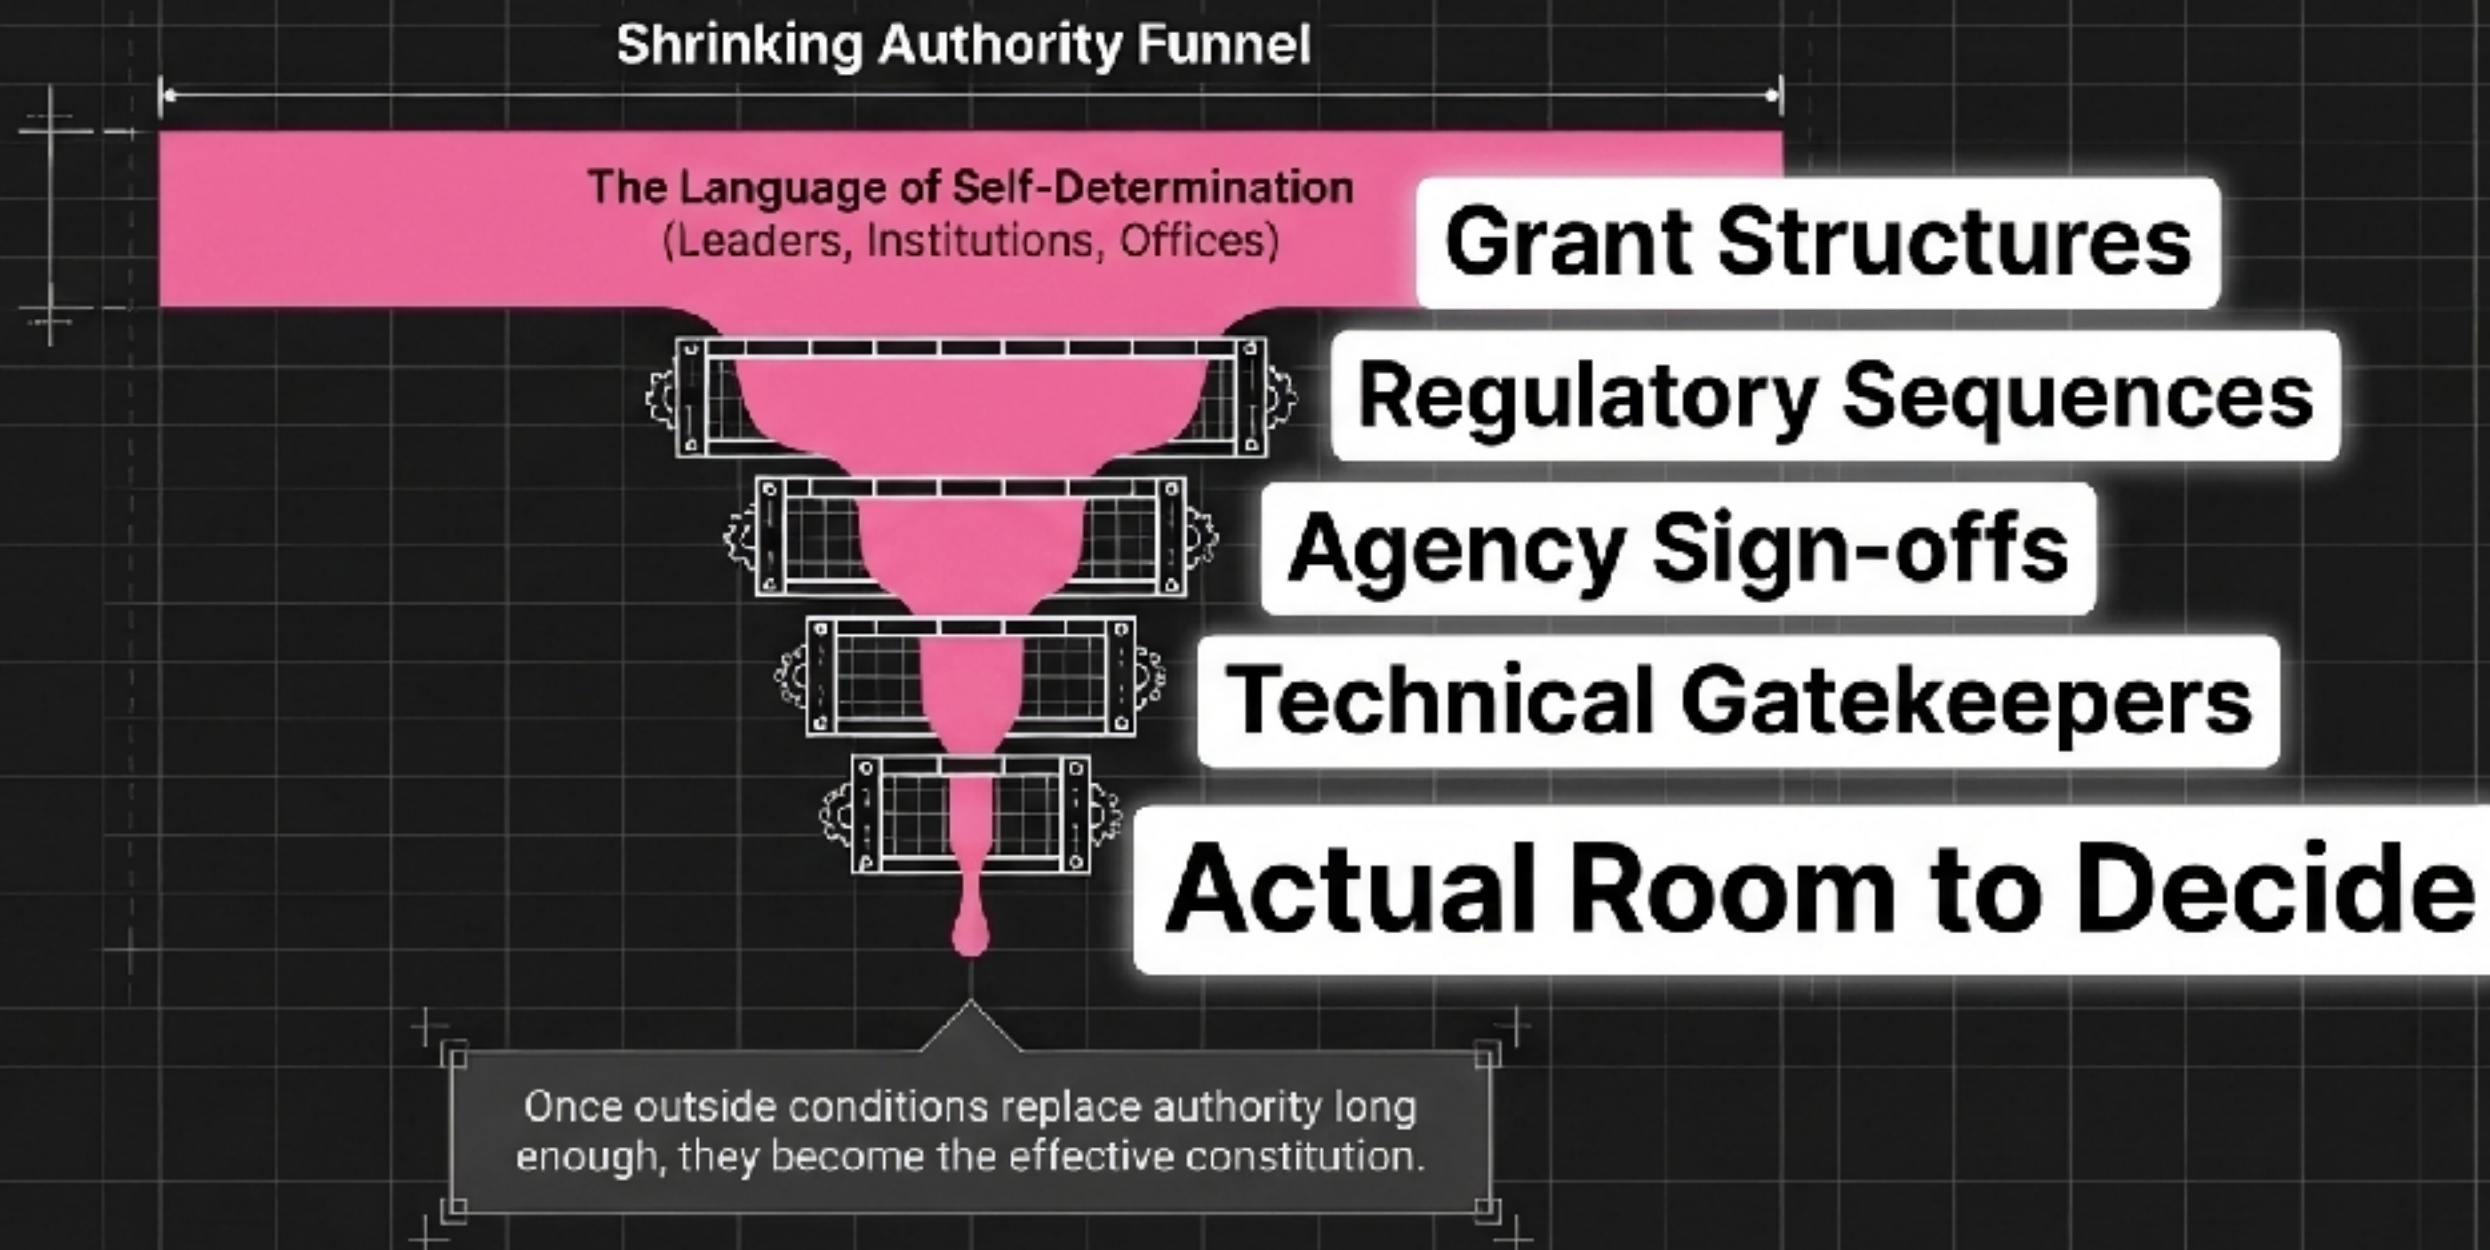

# Poverty By Design

This was built. It did not just happen.

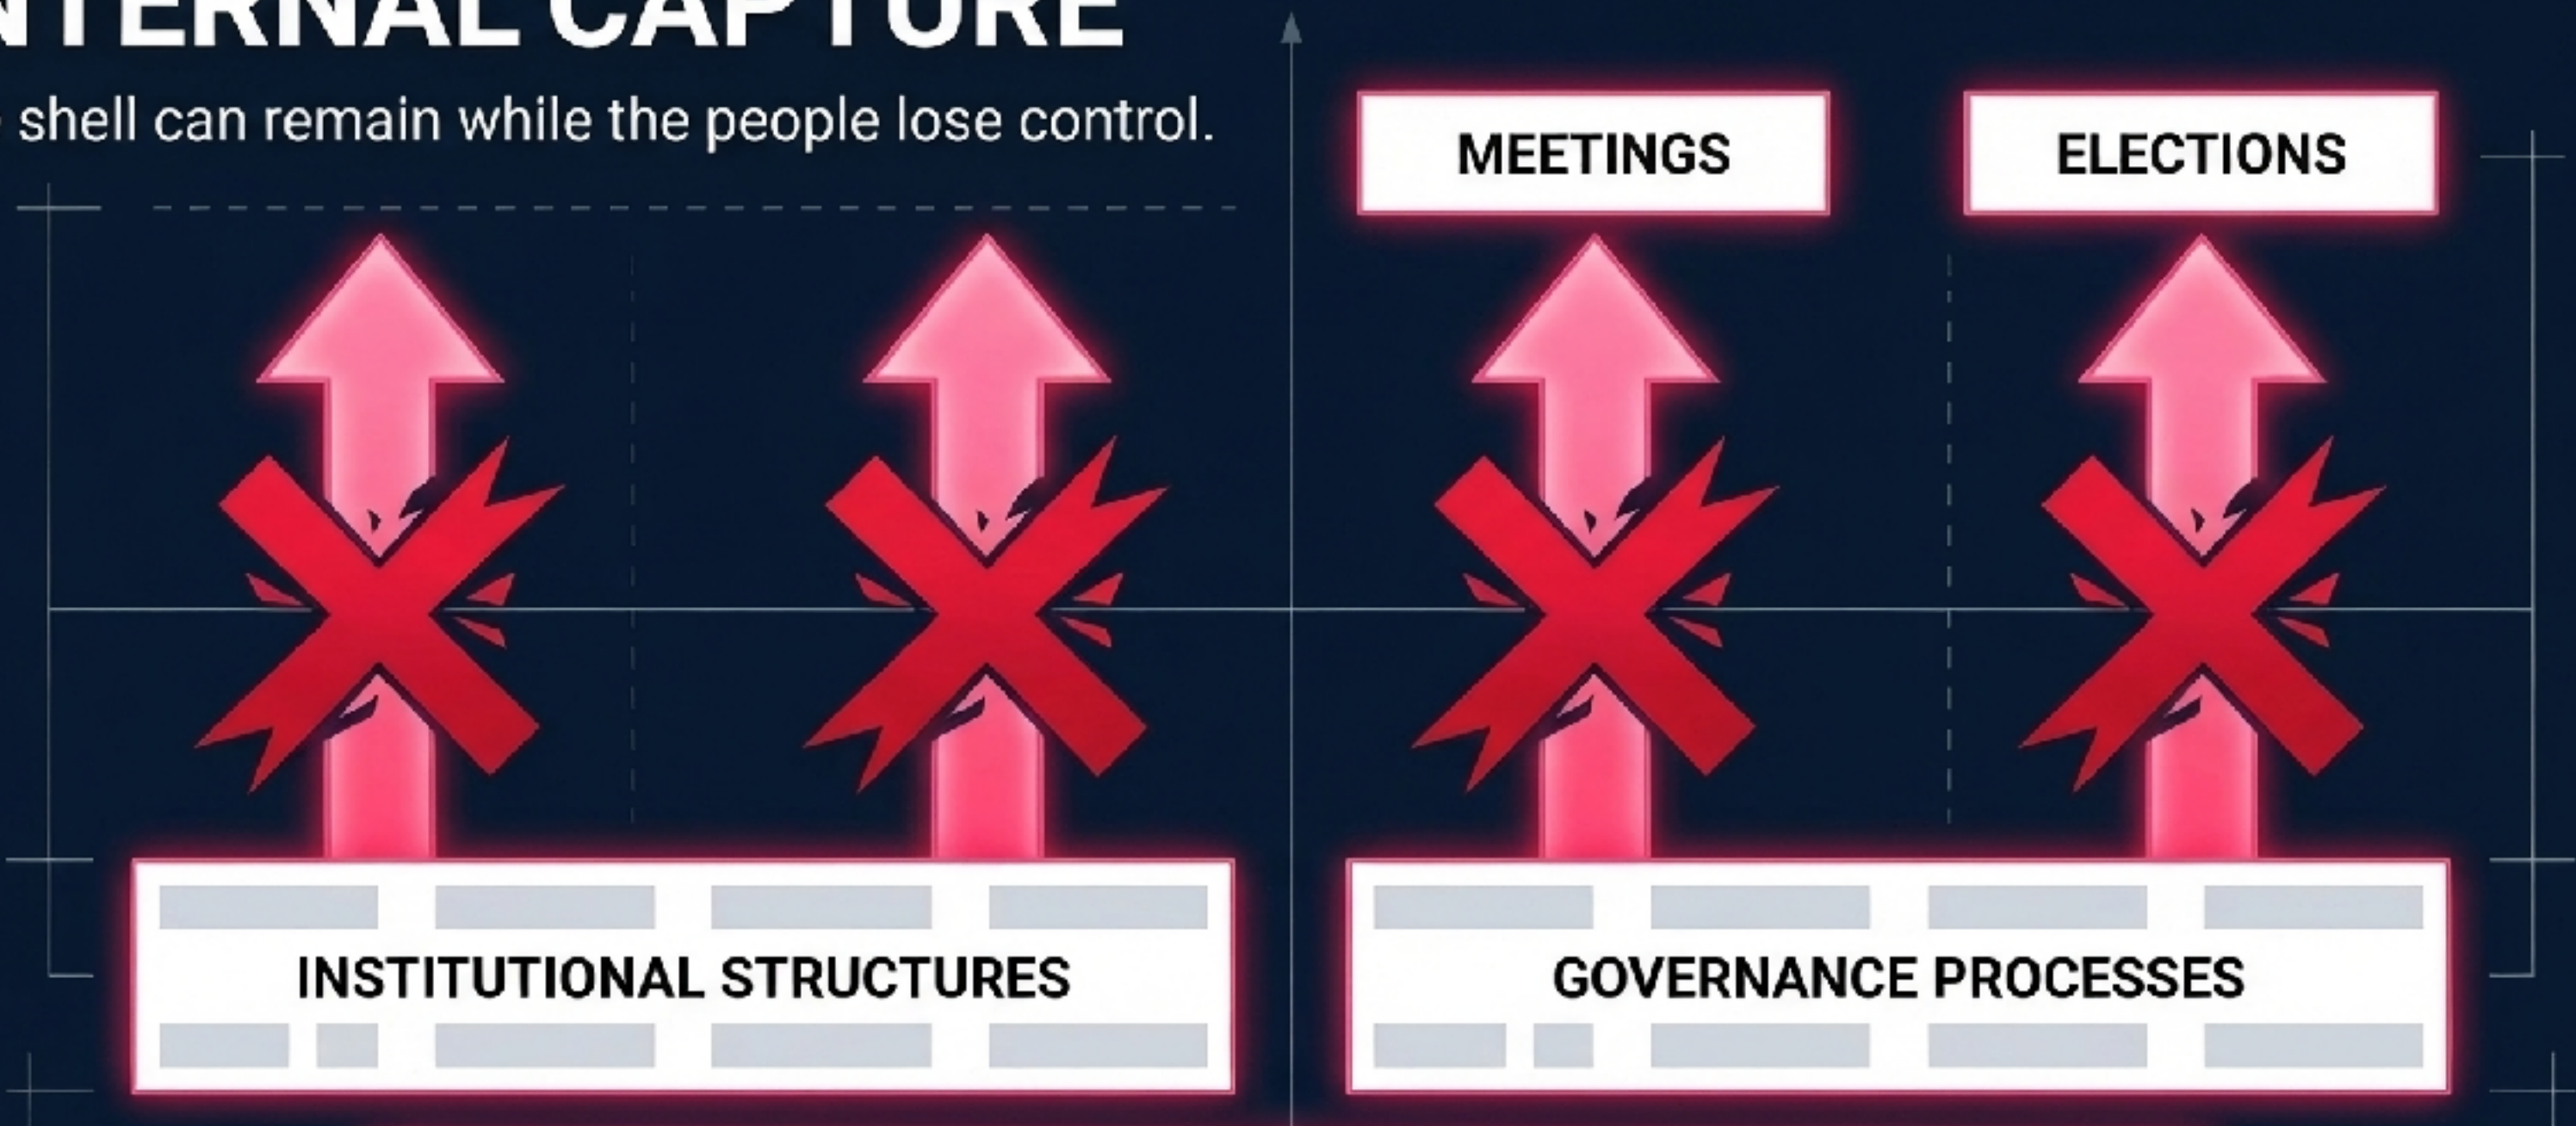

# When Permission Replaces Authority

It is not self-determination if permission rules everything.

# INTERNAL CAPTURE

The shell can remain while the people lose control.

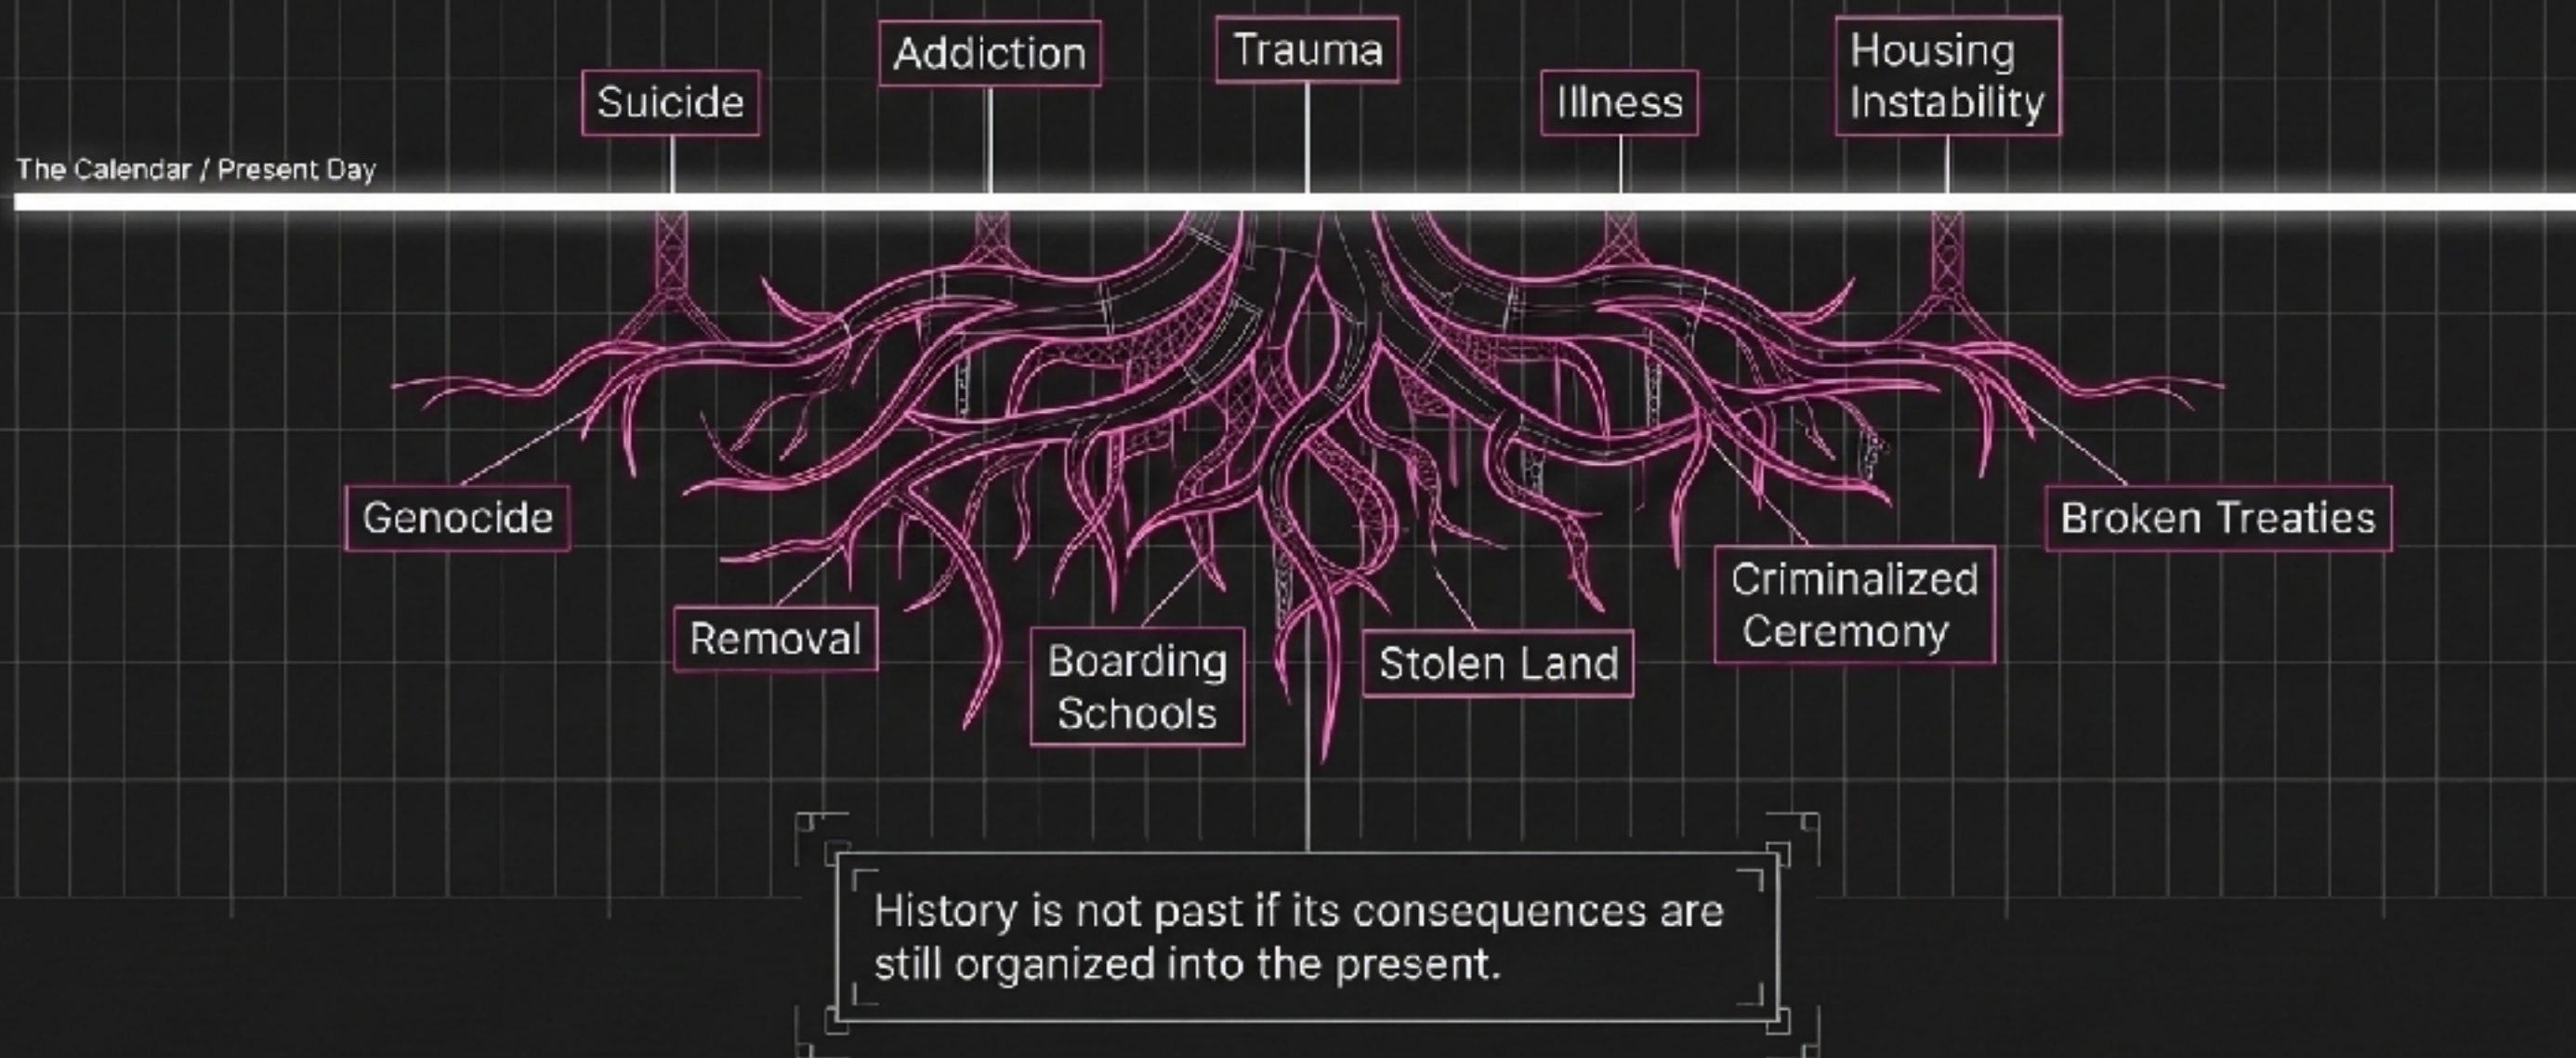

When the structure remains but correction disappears, self-government becomes a shield for power instead of a tool for the people.

POST 7/9

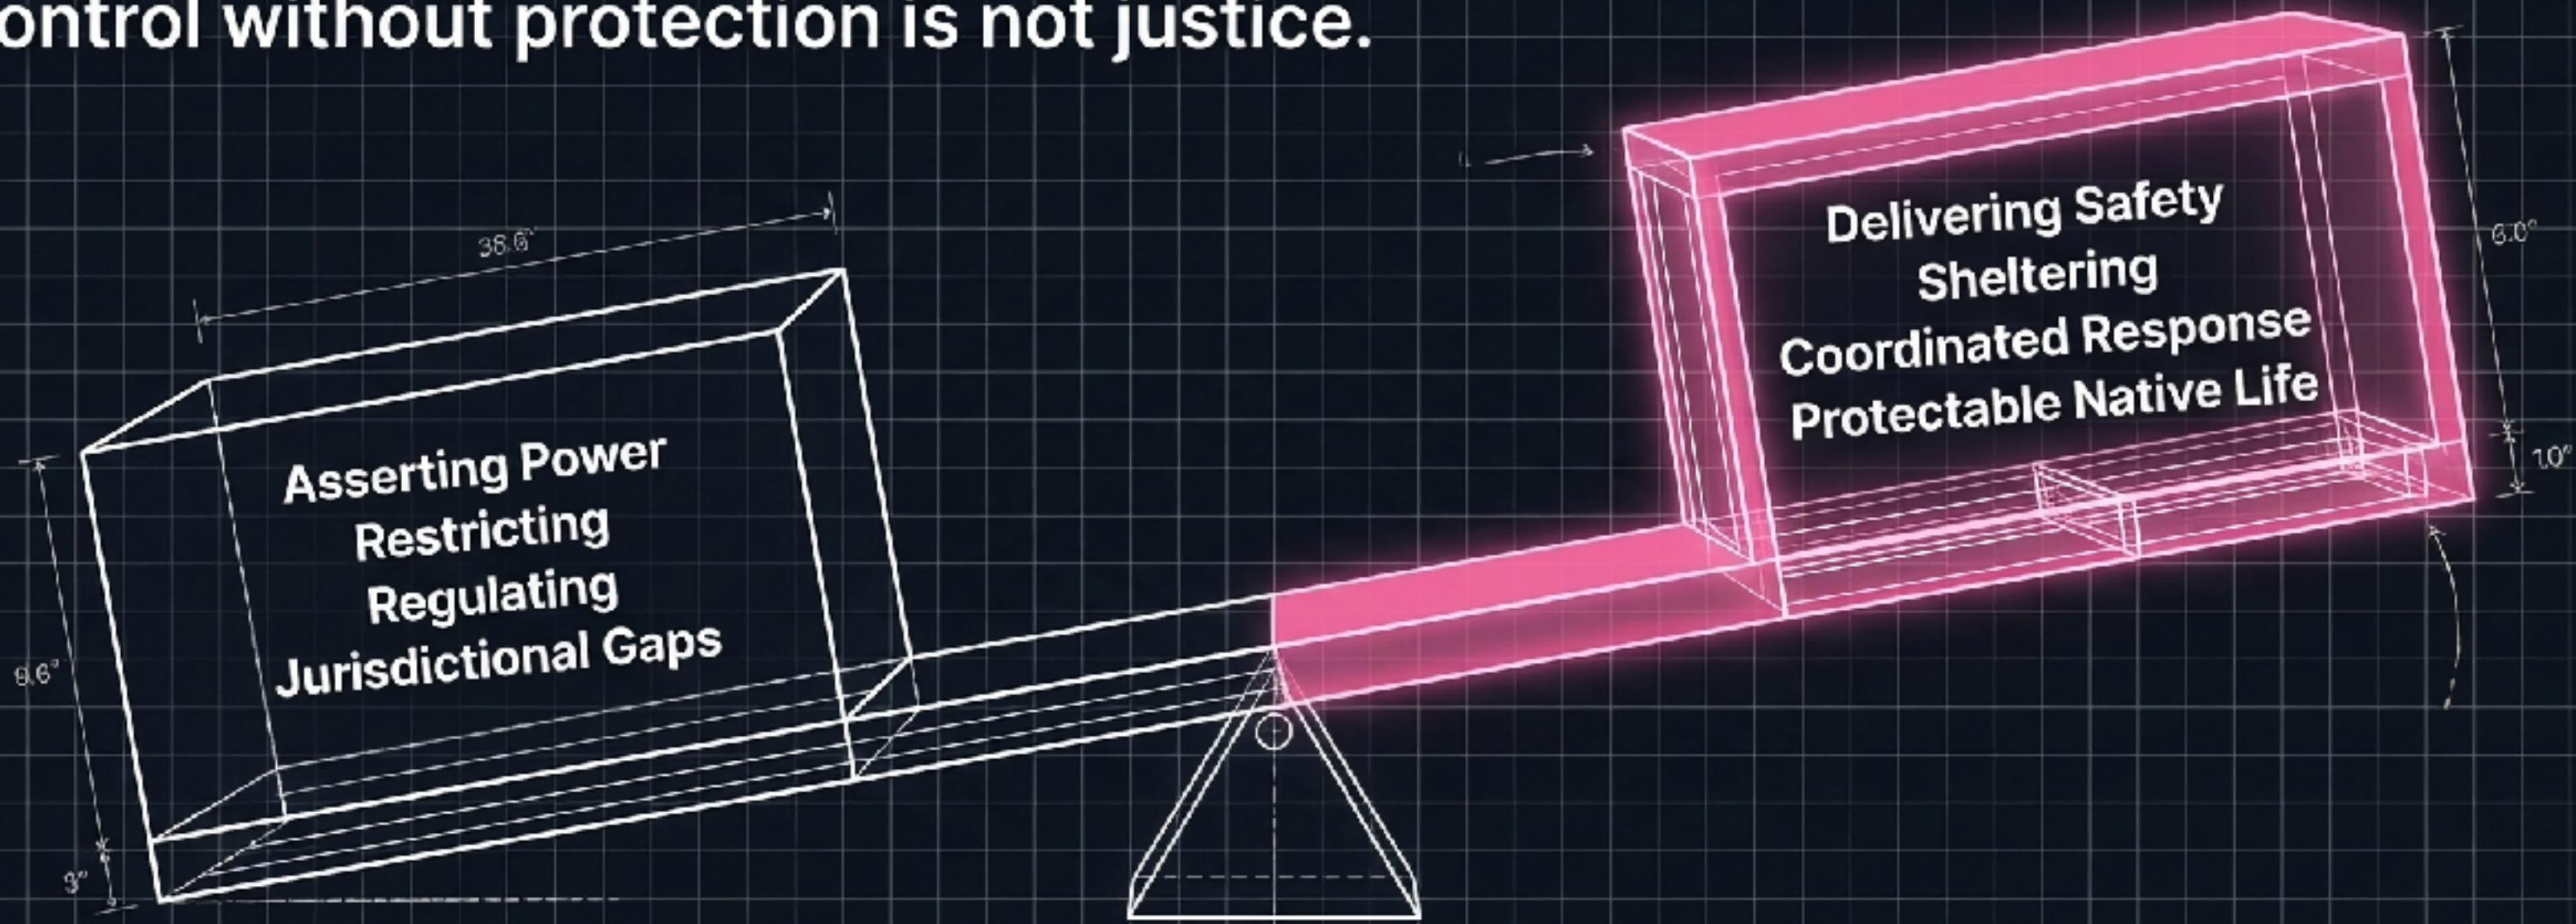

# History Does Not Stay In The Past

The damage did not appear out of nowhere.

# When The Law Does Not Keep You Safe

Control without protection is not justice.

Public safety in Indian Country is not just about crime statistics. It is about whether Native life is treated as fully protectable.

POST 9/9

# The Physical Reality Of Freedom

Sovereignty must survive in the real conditions of life.

**SOVEREIGNTY (Relation, Law, Identity, Future)**

**HOMES**

**WATER SYSTEMS**

**FUNCTIONING COURTS**

**EMERGENCY COMMS**

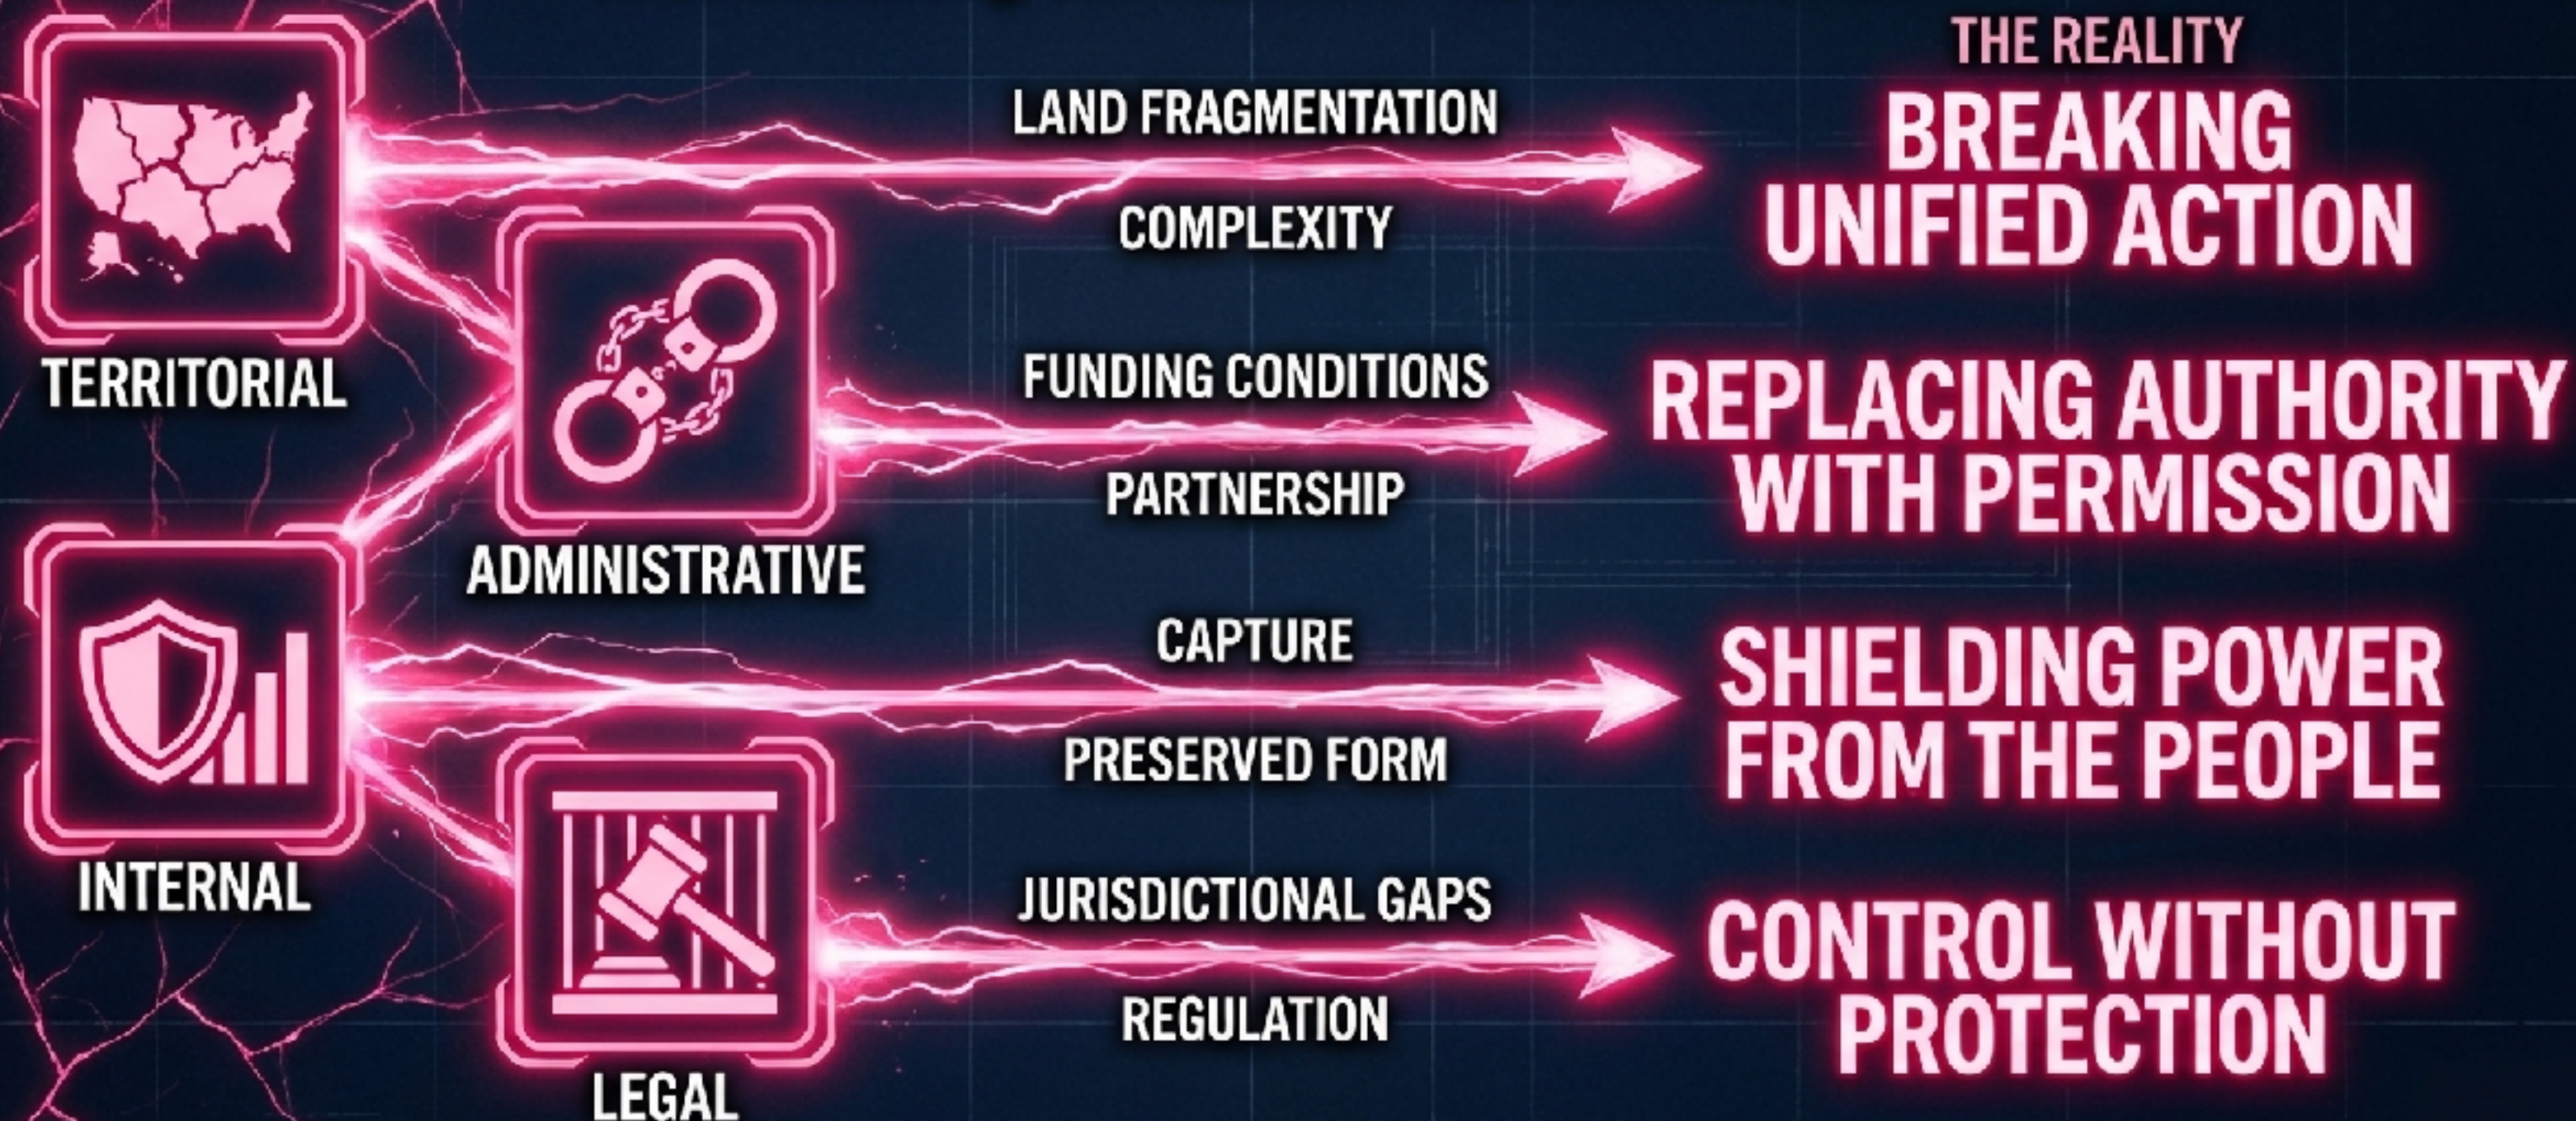

Indian Country faces a structure of containment that leaves sovereignty formally in place but thin in practice.

**THE REAL WORLD**

# THE ARCHITECTURE OF CONTAINMENT MATRIX

Deconstructing the illusion of isolated failures.

**UNMASKING THE MATRIX. RECLAIMING OUR POWER.**
